

CRAPAUD H3 REPORT

Run No.:	1735
Date:	16/4/23
Hare(s):	Tinky Winky and Steptoe

This week's happy hashers met at the unusual venue of Grouville Football Club deep in the heart of the eastern parishes.

Our hare for the course was the one and only Tinky Winky, ably assisted on the run by Steptoe. However, as much as it pained Tinky to do so, he had to forego the run in order to prepare the feast for the On-Downs.

The pack were called to the circle where Steptoe regaled us with information from bygone eras, after which details of the run were given. Stick to the trail, keep to the edge, watch out for the new potatoes and enjoy the virgin territory.

Initially the trail headed north towards La France Ville, then west towards Five Oaks, turning south as it skirted a beautiful meadow behind Le Quesne's Nurseries and finally east through the vingtaine of Le Grand Longueville to end up back where it started.

The walkers fully intended to follow the trail but opted instead for the safety of tarmac rather than muddy fields and soon lost sight of the pack.

Our first runner back was Ballcock, who in answer to the question: 'And how did you find the run today?' replied: 'Easy when you're running with a bunch of old people.'
Frisco was heard to say: 'It was brilliant, lots of mud but I can't understand how I got lost.'

Apparently, Grouville was his home parish as a youth and he thought he knew it well. Age catches up with all of us Andy.

Bags-of-It's comment of 'Very pleasant, in fact excellent' sums it up.

Well done Tinky and Steptoe for a well thought-out run and double thanks to Tinky for the wonderful bacon and sausage butties.

Down downs were awarded to both hares.
