TRISTESSES DES LIONESSES

We had an early start at Les Quennevais this week, all looking forward to watching an historic game of football in the hockey club after the run.

Our hares Hooker and Captain Poocock had arranged a dual run, a shorter one for those wishing to watch the match and a long loop for those of the 7 hashers needing a good run. The 2 walkers had a romantic wander through the woods.

We all met at the reserved tables at the hockey club, all finding their best viewing spot, except for Jacko who wandered around to shouts of 'sit down' from the hashers. Lee put on a great spread at half time of bacon and sausage rolls and chips, but Jacko left then as he doesn't like football (or bacon, or sausages, or chips!)

We all know the result of the match, Spain were the deserved winners, but the Lionesses will roar again!

A small, but beautifully formed, pack

The walkers

Jacko finds a seat – at last

Everybody (well nearly everybody) watching the Lionesses
