

# CRAPAUD H3 REPORT

<b>Run No.:</b>	1778
<b>Date:</b>	11/2/24
<b>Hare(s):</b>	Software

This week the pack gathered in front of St Brelade's Parish Hall which surprisingly is in St Aubin's, confusing to some but not our local hashers. The shortage of parking places led to some interesting parking manoeuvres but eventually we formed a circle to listen to the Grand Master impart a few pearls of wisdom and for our hare, Software, to call the On on.

As usual the walkers amongst us were given a little bit of inside information and when we set off we headed left from the carpark into La Rue au Moestre and then it was a right into Le Mont Arthur to join La Grand Route de St Brelade's. In other words we went west! A very steep hill to begin with but we were soon back on the flat and enjoying a relaxing walk towards Reg's garden, past the Lavender Farm to join the railway track for a steady decent back to St Aubin's and The Trafalgar pub. It was sad to see the destruction of the tress caused by the recent storm although a lot of effort has been made to make the tracks and pathways in this area usable again.

The runners meanwhile took a more circuitous route initially turning right into La Rue du Croquet – very apt for some of us who like to strike our mallets every now and again! From here the trail led them into Mont de La Rocque and then La Rue du Bocage. Eventually the pack headed up the very steep, and I'm not joking, Mont Nicolle Hill and it was here that the two groups were reunited. Alas tis was not to be for long as the exhausted runners were led down in St Brelade's Bay before scaling yet another hill and taking the back road down to St Aubin's.

Many thanks to Software for a good run and for providing the refreshments this week.
