## Wendolene to the rescue

This morning's run was led by Tinky Winky and his very able co hare Wendolene. Whilst setting the run yesterday Wendolene had to come to the aid of Tinky who had fallen in a Grouville bog. After the rescue, Wendolene continued to set the run alone as Tinky had to return home to shower, with sole less shoes, the soles having been left in the deep bog.

In our group this morning there was a pair of new trainers worn by Jacko whose punishment we will hear about later. The runners set off in one direction, the Walkers the opposite, we were soon to meet up again at the south end of Queens Valley reservoir, both walkers and runners did a half circuit of the reservoir and continued up the steep hill, and around the country lanes of Grouville parish back to Tinky Towers for the annual barbecue, where we all enjoyed delicious array of sausages, bacon, cheeses and salads in the sunshine.

Today's down downs were awarded to:

- Tinky our hare and chef.
- Wendolene as a co hare and for her rescue of Tinky.
- Fuzz for a parking misdemeanour involving a hand brake and Twin Peaks car.
- Jacko for his wearing of new shoes, which had transformed into sandals in the hope that he would avoid a down down in the traditional manner, however his down down was delivered in Twinkie sole less trainer direct from the bog after yesterday's rescue.
