## **(Nearly) All Together Again**

We gathered in the lower car park of the Grand Marche St Peter, and were joined by Jumper who has returned for a while from her travels. Three of our regular hashers also returned from extended foreign holidays, Hooker, Capt Poocock and Frisco. (Smuggler was missing though, having gone to Liverpool to watch the mighty Reds trounce Chelsea!)

Our hares Muff Diver and Twin Peaks had laid a comprehensive trail for the 7 runners. 2 of the pack, Ballcock & Jacko apparently missed a turning, and allegedly went along 'a usual route' that was not today's trail. There were complaints at the on downs that the rest of the pack had not waited for them, this was disputed by the larger group, fortunately the pair eventually rejoined the pack having run an extra 0.15 miles. See Strava pics, one from Ballcock and the other from our grand master Steptoe.

The walkers did a reverse of the end of the trail, walking towards St George's school, along la Rue de la Hague, a short hop on L'Avenue de la Reine Elizabeth II, and around the airport footpath to St Peter's village and into the George de Carteret.

Down downs of water were awarded by our returning RA, Frisco, to Ballcock and Jacko. The hares Muff Diver and Twin Peaks enjoyed their regular ale down downs.
