

CRAPAUD H3 REPORT

Run No.:	1848
Date:	15th June 2025
Hare:	Taxi
Scribe:	Nil by Mouth

Lost in St Brelade!

We gathered in the top car park at Quennevais today to find that Poocock was the relief hash-cash again, collecting our hard earned dosh.

Our G.M, Jacko, who after a few issues parking his car between the lines of the car park, welcomed everyone and a special welcome back to Top Gun who hasn't run with us for a long while, he had bought along his young nephew Tristan who decided to join the running pack, leaving his uncle to join the walkers.

Taxi, today's hare, announced that she, with the help of Shiggy, had laid a well marked trail with flour and chalk, and 'on on' was declared.

It was a shorter run than usual, just over 3 miles according to Steptoes' Strava information, this was because the pack got lost in Churchill Park, despite the well laid trail! They did however meet up with Walkies and Chickpea along the railway walk.

Meanwhile the walking group went west along the railway walk, across the road to the pathways in Les Creux park and then down the hill to St Brelade's Bay.

Le Marquanderie Hill and Red Houses was the route back to the hockey club for our on downs, a lovely walk in the sunshine.

On his return to the carpark Steptoe, while collecting his bag from Molehill's car, hit his head on the boot but hopefully with no lasting damage!

Doc Hima arrived in the car park with sacks of potatoes to share and cartons of curry, one of which was enjoyed by Smuggler on his return from his (and Tinky's) trip to France to recce Septembers bike bash.

No down downs were awarded (is this a first ?) as the Hash Rev is on holiday and no deputies were available, Taxi agreed with the decision, but may be called forward to receive hers at next weeks run.

Parking issues for the GM?

Top Gun and his nephew Tristan

A well protected trail marking

The runners

Look who the runners ran into

The walkers

Dawdlers?

Superior chip butties all round

Another headache for Steptoe!
