Eastward Bound

We have been asked to meet at the Pembroke in Grouville by our hare, Bags of It.

Hash cash today is a duo, Molehills and Steptoe. Illegal, our regular hash cash is due to go on holiday to Albania but as he was all prepared and wasn't flying out till later, he paid his subs to his replacements and would lead the walking group today.

Our GM welcomed everyone and delivered some of the usual sports reports. He welcomed the return of Software's son Paul, who would be walking with us today.

Our hare announced that today there would be a 'not very long run' so to make it longer he lead the other five runners on a false trail and then on their return to the starting place. They ran along the Rue Vardon and were last seen on Grouville Beach, then just over an hour later, after a 4 mile, run they entered the Pembroke Inn. See photo of Steptoe's Strava for their route around Grouville.

Meanwhile, the walkers crossed the road walking past the wildlife and Manor on La Cache des Pres. We continued along la Rue de Grouville where we checked out the fresh veg in the cabin by Carteret farm. We passed the church and around to la Rue Malo, where the walkers 'held the check'. (See photo)

We journey along la Sente des Fond and into some virgin territory, Le Close des Fonds, where Vital Statistics led us all along a pathway that lead to Vicq Farm and across the road to the on downs at the Pembroke, where we all enjoyed the generous food laid on by the staff.

We later adjourned to the garden where we were encouraged to sign up for the **'Jersey Bike Bash' that will be held on Saturday 8th August.**

The single down down was awarded to Bags of It for a great run.
