

CRAPAUD H3 REPORT

Run No.:	1905
Date:	19/07/26
Hare(s):	Wendolene

We were treated to another day of sunshine this week which was fortunate as we were having a picnic run from Les Creux Country Park in St Brelade's. Wendolene, our hare, had chosen the venue because of the multitude of trails to be found in the fields and cliff paths around and it was commented on by the runners that there was indeed very little road to contend with which greatly added to the enjoyment of the morning.

Unfortunately your scribe wasn't paying attention again and missed the usual run preamble apart from the welcome back to the fold of Turkish Delight (Eda). It wasn't long before the walkers departed one way and runners another although their paths did cross at least once during the morning.

Steptoe was unable to join the runners this week having sustained injuries on the previous week's run, instead he was co-opted into helping walk the dogs around the Beauport pathways with Walkies and Chickpea. I left the pack early to detour to St Brelade's with the hope of catching everyone up a bit later but my route took longer than expected and I was the last one back although thankfully still in time for Wendolene and Double Top's lovely food!

The cliff paths in this area are known for their ruggedness and many steps which along with the heat and sunshine proved a bit of a challenge this week. Having said that we do have a reputation for being hardy hashers so although it was tough at times the pack were not to be deterred. The costal path in this area gives stunning views of St Brelade's Bay' Ouaisne, Beauport and then further offshore the Minquiers and the wind farm off the coast of France. Heading west you come across WW2 German gun emplacements, the prison, the desalination plant, the radio tower, Corbiere lighthouse and in the distance Guernsey.....although the less said about that the better!

Anyway I digress, the runners enjoyed the run and the walkers enjoyed their walk so a very successful morning for all. Our thanks to Wendolene our hare and Double Tops for her help with the food.

On Downs were awarded to the hare for a great run, to Taxi for paying her subs in 20p pieces and to Twin Peaks for the accidental reversing of her car into a wooden bollard whilst trying to park – oops!
