A hangover hare!

ET invited us to meet at Isabella's at the Union Inn for today's run/walk, a lovely sunny morning after the recent storms. At the start there were 6 runners led by Wendolene, but sometime during the run they were joined by Frisco on his bike, which he parked up and all enjoyed their morning run, with perhaps with the exception of Ballcock who had a fall from a gate, but fortunately no lasting injuries.

ET led the walkers through Woodlands farm and onto the lanes where we met up with the front runners, and enjoyed walking through the local lanes and footpaths.

When we all met up again at Isabella's for refreshments, Hooker shared a huge pile of old newsletters, that she and Poocock had saved, for us to peruse, it was lovely to share old 'news' and photos.

We were called outside for the down downs where the only sinners were Frisco and Ballcock for their misdemeanours on the run Our hare, ET, was actually excused her down down as she complained of having a hangover – tut tut!

Our hares for our Christmas lunch run, Steptoe and Molehills, announced the theme as ' a Beauty Run' on 6th December, something to look forward to, especially as it will be heavily subsidised for members, a bargain at £25 each.

(NB. Twin Peaks, our hare raiser is looking for a hare for the 27th December.)

GM addresses the pack

Runners below

Underneath the arch

ET leads the walkers (well some of them!)

Ballcock spectacularly fails to vault a gate...

Well Wendolene seemed to find it amusing!

Jolly walkers

Grub's up

Sinners
